

## Instructions for Fence Judges - NEW guidelines for 2016

In order to regulate the standard of fence judging and to promote impartial decisions, there has been a slight amendment to two of the guidelines in the Instructions for Fence Judges for 2016.

### **Please not the changes in red:**

6.3.9.6 (run-out) A Horse is considered to have run out if, having been presented at an element or obstacle, it avoids it in such a way that either the head, neck or either and both shoulders of the Horse fail to pass between the extremities of the element or obstacle as flagged. *Note: A Horse will be considered to have cleared the fence when head, neck and both shoulders of the Horse pass between the extremities of the element or obstacles as flagged.*

6.3.9.7.2 At an obstacle composed of several elements (A,B,C, etc.) a Horse will be penalised if it passes around the back of any the subsequent element or circles between *subsequent* elements.
